9th National Scientific Conference
in the series

17-18 November 2022 r.
UNIEJÓW THERMAL RESORT

→ GOALS OF THE CONFERENCE

The aim of the conference is to exchange views and experiences as well as to present the latest scientific research results concerning competitiveness and development of regions in the context of European integration and globalization. An important goal of the conference is also the integration of representatives of science, business, and local government.

→ SUBJECT AREAS OF THE CONFERENCE

- The influence of European integration and globalization as well as internal conditions on the growth of competitiveness and development of regions;
- Education management;
- Partnership in creating value for stakeholders in the region;
- Problems of contemporary logistics in highly industrialized regions;
- The impact of marketing management on regional competitiveness and development;
- Managing organizations in the era of building Society 5.0;
- Media and social communication as part of the region's information system.

For a more detailed range of subject areas please visit: <http://wz.pbs.edu.pl>
[under Learning & Tests tab.](#)
